FEE STRUCTURE

All undergraduate programs annual tuition except nursing and biomedical sciences is 500 USD, for nursing and biomedical sciences, annual tuition is 650 USD, excluding registration of 60USD.

The above tuition is common for new undergraduate students, but for those who come extending, from advanced diploma to bachelors their tuition is arranged as mentioned below:

Nursing and biomedical sciences: 850 USD excluding registration of 120 USD. For other programs, to extend from advanced diploma to bachelors, tuition is 750USD excluding registration of 120USD

Masters programs tuition is 1250USD excluding biomedical laboratory science and biomedical engineering. For biomedical sciences tuition is 1600USD, including registration. All masters programs are done in one year except master of biomedical laboratory sciences which takes 2 years.

All PhD programs tuition fee is 4500 USD, excluding registration of 220 USD.

School fees is paid by installment basis, first installment have to be paid after receiving admission letter. Direct entry students in undergraduate program pay their tuition in for installments annually. Students have to calculate their installments basis tuition. Let's show an example:

Direct entry undergraduate students in biomedical laboratory science and nursing annual tuition is 650USD dividing in for installments you find that each installment is 163USD. Each installment is paid after 2 months of previous installment.

One year master's installment fee is 283USD which means that students have to pay 283 USD every 2 months.

Two years masters installment is 185 USD as their annual tuition is 740 USD; this is for biomedical laboratory sciences.

NB: Students have to follow all instruction mentioned in tuition payment as it leads to payment tax of 50USD if not paid at mentioned plan
